● **eInfochips acquires nGIN Technologies**

eInfochips Ltd, an Ahmedabad, India and Sunnyvale, CA based leading technology design Services and Solutions Company, has acquired nGIN Technologies, a Chennai headquartered hi-tech Networking Software and protocol stacks, Solutions & Services provider, for telecom OEMs.

“nGIN's unique networking capabilities provides a significant competitive advantage to eInfochips in a high growth potential market. With this acquisition, eInfochips will now offer a much wider and deeper portfolio of networking products and services to its customers”, said Mr Pratul Shroff, CEO, eInfochips.
