# Why eInfochips?

- 25+ years of electronic product design and development expertise, Well-versed with Device-to-Digital play
- 500+ product designs and 200+ hardware design prototype/production
- 15+ CMs in 6 countries
- Arrow + Silicon Expert Advantage
- 160-point quality checklist matured over 25+ years of product engineering experience
- SoMs/Kits/Reference Designs for early prototyping, parallel software development, and faster time to market
